

Introducing DS Laboratories Spectral.CSF

Spectral.CSF women's anti-aging therapy for thinning hair

FIRST SPECTRAL product ever designed specifically for women, recognizing women's needs and utilizing materials found effective specifically for female hair loss in clinical studies.

Spectral.CSF has a light texture which increases wearability and user comfort, specifically designed for longer hair and women's unique beauty routine.

Spectral.CSF not only stimulates hair growth but provides potent anti-aging benefits to scalp for optimal scalp and follicle health.

Spectral.CSF can be used simultaneously with other styling products. It is gentle to the scalp, and the package comes supplied with both dropper and spray.
